

# Salmon Booster

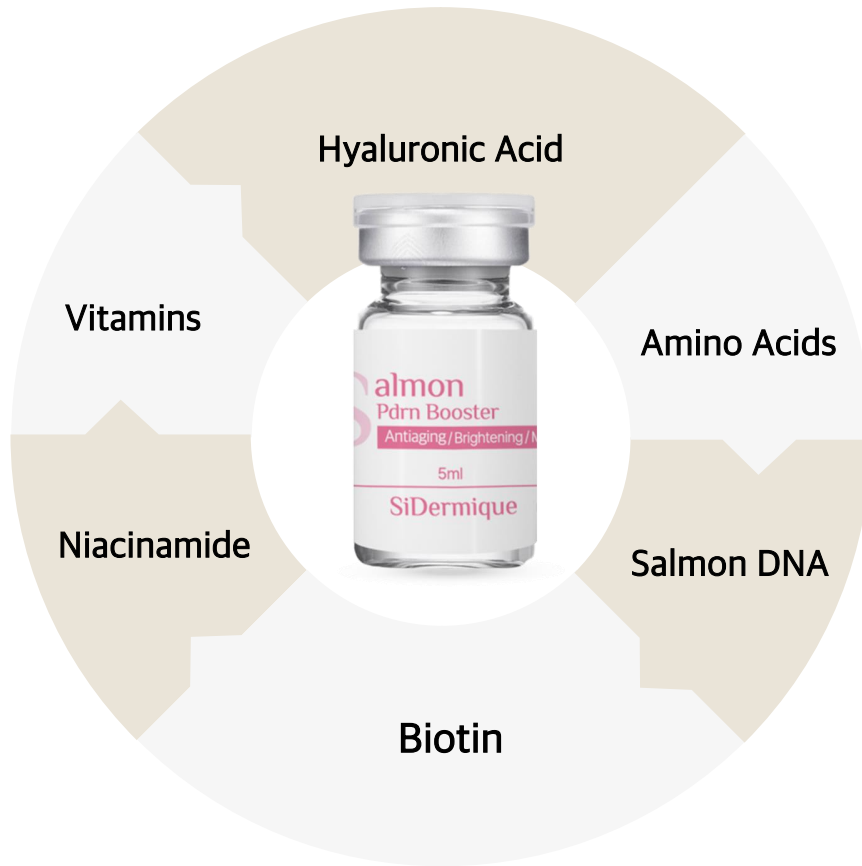

SiDermique

# SiDermique Salmon Booster is

A cell regenerative treatment enriched with polydeoxyribonucleotides(PDRN), hyaluronic acid, amino acids and minerals.

It stimulates the process of cell regeneration, restores damaged fibroblasts, activates the synthesis of collagen and elastin, normalizes melanin production, increases firmness, moisturizes and protects the skin from environmental influences.

## Ingredients:

Water, Sodium DNA, Sodium Hyaluronate, Sodium Chloride, Propanediol, Sodium Hyaluronate Crosspolymer, Butylene Glycol, Isoleucine, Hydrolyzed Glycosaminoglycans, Valine, Threonine, Panthenol, Adenosine, Benzyl Glycol, Proline, Lysine, Zinc Gluconate, Magnesium, Aspartate, Glycine, Histidine, Cysteine, Hydrolyzed Hyaluronic Acid, Alanine, Ethylhexylglycerin, Methionine, Hydrolyzed Collagen, Phenoxyethanol, Palmitoyl Tripeptide-5, Thiamine HCl, Tryptophan, Tranexamic Acid, Ascorbic Glucoside, Ascorbic Acid, Biotin, Glutathione, Glutamine, Serine, Copper Tripeptide-1, Calcium Gluconate, Copper Gluconate, Niacinamide, Octapeptide-7, Calcium Pantothenate, Sodium Starch, Octenylsuccinate, Maltodextrin, Tyrosine, Arginine, Sodium Ascorbyl Phosphate, Glutamic Acid, Leucine, sh-Pentapeptide-19, sh-Oligopeptide-9, sh-Octapeptide-4, sh-Decapeptide-7, Acetyl Hexapeptide-8, Hyaluronic Acid, Aspartic Acid, Pyridoxine HCl, Tocopherol Acetate, Phenylalanine, Raspberry Ketone, Asparagine, Galloyl Pentapeptide-33, sh-Decapeptide-9, Biotinoyl Tripeptide-1, Nicotinoyl Tripeptide-1, sh-Oligopeptide-1, Silica, sh-Oligopeptide-2, sh-Polypeptide-8, sh-Polypeptide-59, sh-Polypeptide-1, sh-Polypeptide-62, sh-Polypeptide-3, sh-Polypeptide-9, sh-Polypeptide-60, sh-Polypeptide-51, sh-Polypeptide-43, sh-Polypeptide-22, sh-Polypeptide-11

## ! Indications for use

- ✔ Decreased skin tone and elasticity.
- ✔ Pigmentation
- ✔ Severe wrinkles in the eye area, dark circles
- ✔ Dry skin
- ✔ Age-related changes in the skin

- ✓ Activation of lymphatic drainage and microcirculation
- ✓ Vascular protection
- ✓ Regeneration and protection of collagen fibers
- ✓ Normalization of melanin production
- ✓ Eliminates puffiness and dark circles under the eyes
- ✓ Suitable for any age

## Active Ingredients

**Hyaluronic Acid** is a naturally occurring biopolymer possessing numerous functions within the body including wound repair, cell migration, and cell signaling. Hyaluronic acid provides excellent skin regeneration, moisturizing, improves elasticity wrinkle improving.

## Salmon DNA

Its molecules stimulate the cells to produce collagen, that quickens wound recovery, regeneration and scar reduction by boosting the rate of growth of fibroblasts..

## Amino Acids

Amino Acids help to restore visible skin damage, soothes the skin and has antioxidant properties, protects the skin from harmful substances, strengthens the skin's surface, make fine lines and wrinkles less deep.

## Niacinamide

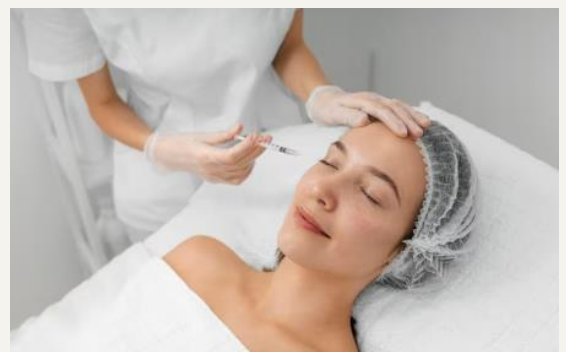

Biochemical mechanism Modulates PAR-2 to inhibit melanosome transfer

- Increases SPT to increase ceramides
- Decreases GAGs and increases NADH & NADPH to prevent glycation
- influences GPCR-related lipogenesis and exfoliates follicular ostia.

It has Anti acne Anti inflammation Barrier Repair

## Treatment procedure

- Face Wash
- Apply anesthetic cream
- Anesthetic cleaning
- Disinfection of the treatment area
- Injection procedure
- Disinfection after treatment
- Face Wash
- Claming care for about 15~30 minutes

## Administration:

MTS, meso injector, airbrush, etc.

Administration volume: 0.005-0.01ml

Course: 3-6 sessions with an interval of 7-10 days

Precautionary measures:

- In case of allergic reactions, redness, itching, rashes, erythema or eczema, consult a doctor
- Do not use the drug if you have skin diseases

Storage conditions:

- 1.Store at room temperature
- 2.Avoid direct sunlight

8 str.

Main content

- Chanel extract
- Hyaluronic Acid (1000 ppm)
- Polynucleotide (2000 ppm)
- Panthenol (0.5ppm)
